**OPEN & CALL TO ORDER:** Jason Hanson , President, called the meeting to order and welcomed everyone. He offered congratulations and special words of welcome to new members.

**PRESENTATION MADE TO NEW MEMBERS:**

Jason presented information to the new members about the Chapter's current activities and benefits for PTK members:

- *The Honors In Action (HiA) project* which involves research and action about a specific topic. This year the Chapter is researching Mental Health during the Pandemic and have now narrowed our focus to the mental health issues related to COVID-19 that are affecting Horry Georgetown Technical College (HGTC) students as well as consideration of faculty and staff. We are in the process of defining needs and available resources to address mental health issues within our school population and determining if there are gaps in services.
- *College Project* is a project done by the Chapter in conjunction with HGTC Administration and other faculty and/or student services. After developing a list of potential project ideas, the Officers of our Chapter met with Dr. Fore, who is the college President, and at that meeting she voiced her concerns about students' food insecurity. The Food Pantry was one of the items on our list of potential projects, so the discussion with Dr Fore led us to choose promoting the three locations of the HGTC Food Pantry as our College Project for this year. We have now joined with others at the college to develop plans to increase the amount of products available in the pantries and to promote the students' using the pantries.

- *Fundraising* for this year is in the planning stage. All ideas for virtual fundraising are welcome! An online auction, sales of Auntie Anne's Pretzels, and a multi-cultural fair are some of the ideas thus far. Jason encouraged members to contact him with suggestions and to get involved with the events as they happen.
- Benefits of EDGE for PTK members – Jason described the EDGE online resources available at no charge for PTK members. These include Research Edge, Transfer Edge, Employment Edge, and Competitive Edge. Jessica Wardlaw joined with Jason in encouraging new members to use these avenues. She cited her use of Transfer Edge and how her options of transfer colleges and universities has expanded because of Transfer Edge. Jason reminded members of information shared by Matthew Defreitas in the earlier Installation meeting about the benefits he has found from Research Edge. These programs can be found at ptk.org.
